

This photo report is produced by the dig team. It is given to Swannington Heritage Trust and Leicestershire Industrial History Society to use, publish and distribute as if they own the copyright without attributing the author.

Califat Engine House Area

Diggers successfully found the edges of the coal stacking pavement net to the stoke holes. Fortunately there was minimal disruption to the shrub hedge. The vertical metal strip in the earth bank turned out to be a metal stake. Preparations for the retaining walls of wooden sleepers continued.

**Above - northern edge of brick pavement outside eastern stoke hole.
Right - north eastern corner and eastern edge of brick pavement outside eastern stoke hole.**

Christmas BBQ

What better partnership could there be than a Swannington Heritage Trust barbecue and charcoal, plus Leicestershire Industrial History Society sausages, burgers and drinks? An extended break provided the opportunity to mingle and chat about the considerable amount of progress made during 2018.
